

**Senior Manager, Immersive Technologies and Simulation (FHS 41397)**  
**Faculty of Health, Community Studies and Public Safety**

**Location:** London

**Employment Group:** Admin

**Type of Position:** Full-time

**Salary Range:** \$102,287 to \$136,382

**Closing Date:** July 1, 2024

**Working at Fanshawe College**

Fanshawe College is committed to the principles of hybrid work and may offer this option to employees whose work can be performed in an alternate location, without adverse impact to the operations of the College, inclusive of our Student and Staff experience. Confirmation of hybrid work options available to you will be clarified upon hire and may be subject to change based on the duties required of your position. Successful candidates will be required to perform work within Ontario and must be available to work on campus, as required.

**Note:** This is a full-time Administrative position (37.5 hours per week) starting August 5, 2024.

**Duties:** Reporting to the Dean, Faculty of Health, Community Studies, and Public Safety, the Senior Manager, Immersive Technologies and Simulation (the "Senior Manager"), provides strategic leadership to experiential learning activities across the College through the Centre of Excellence in Immersive Technologies (CEIT). The incumbent oversees the design, implementation, assessment, and ongoing quality improvement of immersive technologies (CEIT) and simulation lab activities (Faculty of Health Sciences, Community Studies and Public Safety) to ensure they align with the College's strategic goals, and meet the needs of students, staff, and faculty. The Senior Manager manages the portfolio budgets and leads the associated capital planning process. In collaboration with Associate Deans, the Senior Manager will provide subject matter expertise, consultation and operational leadership for College-wide immersive technology and other experiential learning activities in the labs.

The incumbent innovates, shares, and utilizes best practices from other lab and clinic environments and industry experts through organizing, leading and ongoing participation on a Professional Community of Practice Committee (PCPC). In addition to implementing and overseeing experiential learning activities for various internal programs, the Senior Manager will build and foster relationships with revenue-generating external partners.

The Senior Manager will play a critical role in Fanshawe's strategic vision and priority to integrate immersive technologies into the learning environment. They will develop and execute an immersive technology strategy, research, and recommend appropriate XR investments, seek funding and partnerships to support XR expansion, lead projects and committees, and oversee XR asset management. The incumbent will work with program areas across the College to pilot XR solutions using an evidence-based approach to inform long-term investments.
